<p>&#8220;Design Studio&#8221; is proud to present architects working in a predominantly contemporary style
based on the unique culture and environment of Southern California. We strive our best to work with the most
experienced client, but adaptable and patient enough to take on the most novice. That, paired with constant
attention to service and detail makes for an exciting and dynamic process.</p>

<p>Our recent work has been predominantly with clients who seek to remodel and expand their existing homes
and offices. It is perhaps most accurate to say our scope and range excludes very little—We are a traditional
Architecture website who can help you design and create your dream homes.</p>
